Ordinary Cause Personal Injury Actions - procedure for the recovery of documents and commission	Court of Session/Sheriff Court	Personal Injury Committee	<p>The SCRC's Ordinary Cause Committee authorised instruction for further amendment of the draft rules to provide in cases where commission and diligence is followed for two sets of rules (i) for where there is no party litigant and the party requesting the documents should receive those documents, and (ii) for where there is a party litigant or confidentiality is claimed, where the sheriff clerk should receive those documents. The rules are still to be drafted.</p> <p>Consideration will also require to be given as to whether similar provision will require to be made in the summary cause and small claim rules.</p>	To be considered by the PI Committee in due course.
